“What would you do if someone you didn’t know started talking to you online?”

WHAT IS A WATER WATCHER?

EYES ON THE CHILD

A good Water Watcher puts away any distractions, such as phones or tablets, to focus on the child's safety.

STAY ALERT

Even at pool parties, Water Watchers make sure to stay sober in case of an incident.

KNOW THE KIDS

Water Watchers remember to keep track of the amount of kids they are watching to prevent any blind spots.

HOW CAN I TALK TO MY CHILD ABOUT INTERNET SAFETY?

EYES ON THE CHILD

Be sure to monitor your child's internet activity and ask them how they use the internet.

STAY ALERT

Keep up-to-date with the latest internet trends, websites, and apps by asking your child to teach you about them.

KNOW THE KIDS

Recognize when your child may be uncomfortable with internet interactions by creating a safe and non-judgemental environment.

Are your kids internet safe?

#EYESONTHECHILD

The month of July sees the **highest amount** of drowning fatalities.

Request your Water Watcher badge today at PCAIN.org.
